

Sir Hans Krebs Lectures

These were founded in 1967 by a gift from The Lord Rank Research Centre to enable a distinguished scientist to give a plenary lecture at FEBS Meetings.

1st	1968	Prague	M.F. Perutz 'X-Ray Analysis, Structure and Function of Enzymes' <i>European J. Biochem.</i> (1969) 8, 455–466.
2nd	1969	Madrid	A.S. Spirin 'Informosomes' <i>European J. Biochem.</i> (1969) 10, 20–35.
3rd	1971	Varna	D.C. Phillips 'Structure–Function Relationships in Enzyme Molecules'
4th	1972	Amsterdam	E. Katchalski 'Interaction of Synthetic and Bio-polymers with Cell Membranes'
5th	1973	Dublin	A.B. Pardee 'On the Requirements for Bacterial Division' <i>European J. Biochem.</i> (1974) in press.

FEBS–Ferdinand Springer Lectures

These are financed by Springer-Verlag to enable a distinguished scientist to give a lecture in at least two centres in Europe. One lecturer is appointed each year.

1st	1973	Leningrad, Moscow, London, Leeds, Glasgow	E.K.F. Bautz 'Initiation of Transcription by RNA Polymerases of <i>E. coli</i> and Phage T3' <i>FEBS Letters</i> (1973) 36, 123–129.
